

SDA Compliance Tip of the Week

Graduation Gifts

As a general rule, SDA staff members cannot provide extra benefits (i.e., benefits that are unavailable to ASU students) to student-athletes, regardless of the value of the benefits. So, it is impermissible for SDA staff members to give graduation or other celebratory gifts to student-athletes. Please note it is impermissible to provide these extra benefits to a former student-athlete as well (e.g., after a student-athlete has graduated or exhausted his or her eligibility).
